A high emotional quotient gives leaders the empathy they need. With it, people will follow that leadership. Without it, people will feel disconnected from the leader, and results will suffer. Communication. Communication skills and soft skills are essential for leaders. A leader must be able to communicate in order to: Collaborate effectively

### How to Become a Change Leader: A Step-by-Step Guide

Knowledge is the condition in which you are aware of facts and realities that are true, important and relevant. Knowledge is very important in the work of every leader. The absence of knowledge (ignorance) correlates well with almost every known evil on earth. The more educated a nation is, and the more knowledge it has, the richer it is.

### Knowledge Is Important To Every Leader - DailyGuide Network

A working knowledge of data science can help leaders turn analytics into genuine insight. It can also save them from making decisions based on faulty assumptions. "When analytics goes bad," Zettelmeyer says, "the number one reason is because data that did not result from an experiment are presented as if they had," he says.
