Chemical and Laboratory Safety Manual - Office of Research

There is no lab with CHEM 1210. Freshman Chemistry, CHEM 1211 and 1212 - This is the main general chemistry sequence. It is a required course for most STEM majors and pre-health students. The course is taught in a 'flipped' style meaning that students must read the textbook before class and come in with a basic understanding of the material.

General Chemistry -- Overview of Courses - Welcome to UGA ...

Struggling with Freshman Chem Lab 1211. Okay, I have a few questions: ... First of all, you're taking it over the summer so they're already going quickly through the material in lecture and lab, and second, the gen chems at UGA are notoriously difficult. I'd say there's a positive correlation between doing well in lecture and doing well in lab.
